

The International Playback Theatre Network

(IPTN)

An association of Playback supporters,
performers and teachers.

DIRECTORY OF MEMBERS 2008-2010

(Last update July 6th, 2009)

About the IPTN Directory

The IPTN Directory is produced once every two years by entirely voluntary labour of Playback supporters from different parts of the world, especially with the help of Anne Chua of Singapore. This document would not be possible without the generous donation of time and effort by many people.

In 2003 the IPTN Board agreed that the Directory would largely be circulated as an electronic document, wherever possible. This reduces the costs for the organisation very considerably and is easier both to produce and update. This is important since the Directory is intended to provide accurate contact details for the network of people belonging to the IPTN and practising Playback around the world.

In this latest Directory we are including an indication of members who are at times able to offer accommodation (AO) and those who can assist in helping to find accommodation (AH) for some regions.

Jonathan Fox has written about Playback Theatre as “an act of service”. Joining the IPTN is, in some ways, also such an act since it generously assists people in many countries to be part of a network of Playback performers and teachers, to attend regional gatherings and conferences and through “Interplay” to access writing about Playback Theatre.

In joining the IPTN you are assisting the development of Playback around the world.

We ask that you encourage other people from your community to join the IPTN, to further strengthen the organisation. Information about the IPTN and how to become a member can be found at <http://www.playbacknet.org/>

If you have questions about membership, please contact the membership secretary closest to you geographically, or
